Hi Fred,

We have a CD in the amount of \$39,800 for reclamation surety. The CD was purchased through First Interstate Bank, but Wells Fargo took over First Interstate here in Utah. In digging through the file, I found a statement from Wells Fargo.

I have called Wells Fargo Bank and they have no such account for this CD. So I called the unclaimed property and hit a wall there as well. Christina from Wells Fargo Bank said that every seven years they clean up their files, so she is assuming that they no longer have the CD.

I have attached the information I have in my file. Please can you search to see if you can find out what happened with the CD. Thanks.

Penny Berry
